NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presenting Consolidated Financial Statements

The accompanying consolidated financial statements of NS Solutions Corporation and its consolidated subsidiaries (together, referred to as the "Companies") have been prepared in accordance with the provisions set forth in the Financial Instruments and Exchange Law and its related accounting regulations, and in conformity with accounting principles generally accepted in Japan ("Japanese GAAP"), which are different in certain respects as to application and disclosure requirements from International Financial Reporting Standards.

The accompanying consolidated financial statements have been restructured and translated into English from the consolidated financial statements of the Companies prepared in accordance with Japanese GAAP and filed with the appropriate Local Finance Bureau of the Ministry of Finance as required by the Financial Instruments and Exchange Law. Certain supplementary information included in the statutory Japanese language consolidated financial statements, but not required for fair presentation, is not presented in the accompanying consolidated financial statements.

2. U.S. Dollar Amounts

Amounts in U.S. dollars are included solely for the convenience of readers. The rate of ¥88.48= U.S. \$1, the effective rate of exchange prevailing on June 30, 2010, has been used in translation of yen amounts to U.S. dollar amounts. The inclusion of such amounts is not intended to imply that Japanese yen have been or could be readily converted, realized or settled in U.S. dollars at this or any other rate.

3. Change in accounting principle

Beginning with the first quarter of the fiscal year ending March 31, 2011, the Companies has applied "Accounting Standards for Asset Retirement Obligations" (ASBJ Statement No. 18, March 31, 2008) and "Guidance on Accounting Standards for Asset Retirement Obligations" (ASBJ Guidance No. 21, March 31, 2008). The effect of this change on quarterly consolidated financial statements was none.

4. Change in presentation

The Companies has applied the "Cabinet Office Ordinance Partially Revising Regulation on Terminology, Forms and Preparation of Financial Statements" (Cabinet Office Ordinance No.5, March 24, 2009) based on the "Accounting Standard for Consolidated Financial Statements" (ASBJ Statement No.22 of December 26, 2008) from this first quarter. As a result, "Income before minority interests" was presented on the consolidated financial statements for the first quarter of the fiscal year ending March 31, 2011.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

5. Simplified accounting methods

In judging the possibility of recovering deferred tax assets, as severe and major changes in the operating environment and major temporary differences following the close of the previous consolidated fiscal year had not been recognized, the future business forecasts and tax planning documents that were used for making such judgments related to the previous fiscal year were used.

6. Special accounting treatment for the quarterly consolidated financial statements

Income taxes were computed by multiplying consolidated quarterly income before income taxes and minority interests by a rational estimate of the effective tax rate on consolidated income before income taxes and minority interests for the fiscal year including the quarterly period under review after adjustments for the application of tax-effect accounting.

7. Notes to Consolidated Balance Sheets

(1) Depreciation on Property, Plant and Equipment

Property, plant and equipment were recorded at cost, net of accumulated depreciation of \(\xi\)10,845 million and \(\xi\)11,105 million (\(\xi\)125,517 thousand) on March 31, 2010 and June 30, 2010, respectively. Depreciation on property, plant and equipment is computed principally using the declining-balance method over the estimated useful lives of the assets. However, depreciation of buildings (excluding structures attached to the buildings) acquired on or after April 1, 1998, has been computed using the straight-line method.

(2) Contingent Liabilities

The Company's loss contingencies for guaranteeing the indebtedness of other parties were \mathbb{\pm}8 million and \mathbb{\pm}7 million (\mathbb{\pm}86 thousand) on March 31, 2010 and June 30, 2010, respectively, each of which were Guarantees for bank loans of the Hokkaido High Information Technology Center Co. Ltd.
